

## Commander SL and Commander GP20 changing to legacy status

The Commander SL and Commander GP20 products will be changing to legacy status effective March 1st, 2009. The existing inventory of the Commander SL and Commander GP20 products will not be restocked.

### Transitioning is Simple

Once inventory has been depleted, customers wishing to purchase Commander SL should be transitioned to the Commander SK series, and Commander GP20 customers to the Unidrive SP. Both the Commander SK and the Unidrive SP provide all of the functionality of the equivalent legacy products plus many additional features and options.

Legacy Series	Replacement	Legacy Model String	Replacement Model String
<b>Commander SL</b>	Commander SK	SLxxxxxxxx	SKxxxxxxxx
<b>Commander GP20</b>	Unidrive SP	CGPyyyy	SPyyyy-LCD
